Rutherford's Atomic Model

Sign Language Cards • Physics • Grade 11

Gestures marked 'Suggested' were drafted by AI. A Deaf educator or NSL signer must check them before use.

gold foil

Suggested: please check

thin sheet of gold

Gesture: Hold one hand flat, palm down, and the other hand in a C shape, touch the C hand to the flat hand and pull apart slightly.

Add a photo or video of the sign here

nucleus

Suggested: please check

center part of atom

Gesture: Form a circle with one hand and place it in the center of the chest, then move the hand outward in a circular motion.

Add a photo or video of the sign here

protons

Suggested: please check

positive particles

Gesture: Use one hand to make a small circle, then tap the thumb against the index finger, then the middle finger, then the ring finger, and finally the little finger.
